### EVENTS

**CBOC Jersey-Jacket Window**  
December 16/25 – January 5/26

**Canada Basketball Office Closure**  
December 19/25 – January 5/26

**RefMasters Launch**  
December 15/2025

### CCAA / USPORT Nomination packages - Distributed

The U SPORTS and CCAA Nomination Packages have now been sent to all PBOA/PBOC Presidents. Conference Assigners and Supervisors should have received the materials through their respective provincial offices.

### Featured Story: Reed Scott

Contributor : Mike Thomson

After a wonderful 14-year international career, Reed Scott has officially hung up his FIBA whistle. His journey concluded fittingly this past August at the 2025 FIBA Men’s AmeriCup in Managua, Nicaragua—surrounded by the "family" of international basketball.

Reed began officiating in 1999 as a university student in Victoria before joining the Kelowna Basketball Officials Association (KBOA) and the Canada West Panel. Since earning his FIBA license in 2012, Reed became known as the official who always answered the call.

Career Snapshots:

Global Presence: Officiated Olympic and World Qualifiers in 2018, 2020, 2022, and 2024.

Major Events: Selected for the 2023 Pan-Am Games in Santiago and multiple U16/U18 Americas Championships in Chile and Brazil.

Representing Canada: Officiated the 2017 U19 World Cup in Cairo and Global Jam in Toronto.

Reed continues to reside in Kelowna, officiating in the CEBL and Canada West, while mentoring the next generation of CBOC officials.

Thank you, Reed!

### Featured Story: Matt Kallio

Contributor : John McFarland

Canada Basketball and CBOC congratulate Matt Kallio on a stellar 13-year FIBA career marked by professionalism, poise, and history-making moments.

Matt’s basketball journey began as a player in Edmonton at ME LaZerte High School and Grant MacEwan College before he picked up the whistle. After dominating the CCAA and U SPORTS levels, he earned his FIBA certification in 2012, launching a career that would take him around the globe.

The Highlight Reel:

Olympic Excellence: Matt earned prestigious assignments to both the Tokyo 2020 and Paris 2024 Olympic Games.

Making History: In the 2020-21 season, he became the first Canadian to officiate an NBA game.

The Finale: He concluded his FIBA career as Crew Chief for the EuroBasket final in September 2025.

While stepping away from FIBA, Matt is entering his fourth full season in the NBA and continues to run his "Modern Pro" officiating camp. We wish Matt, his wife Robyn, and their puppy Merlot all the best in Calgary

### W'Hoop it Up Victoria Super Clinic

The West Coast kicked off our 2025 Super Clinics with a resounding success at Claremont Secondary School in Victoria, BC, on November 16, 2025.

The clinic brought together coaches, officials, and athletes for a crucial day of in-person development and conversation, guided by Canada Basketball staff. The central focus of the entire session was Stewardship.

The main focus of this session was highlighting how everyone in basketball, including officials play a role in protecting the game for future generations through open communication and transparency.

By encouraging open communication and transparency across all groups, the clinic sought to build a foundation of mutual trust. In a vital effort to ensure inclusivity, parents were also invited to participate in these important discussions.

For officials, the day included invaluable practical instruction, with participants receiving NOCP 1 and 2 On-Court Training.

### Toronto Super Clinic

Following the successful blueprint laid out in Victoria, the national Super Clinic momentum shifted East to the Mattamy Athletic Centre in Toronto, ON, on November 30, 2025.

This event was a recreation of the Victoria Super Clinic, featuring the same core purpose: to provide in-person coaching and officiating advice from Canada Basketball while promoting the concept of stewardship among all game stakeholders coaches, athletes, parents and officials.

The timing of the Toronto Clinic added an extra layer of national excitement! The event was run in tandem with the FIBA World Cup Qualifier game that took place the very next day, on December 1, 2025. This connection provided a fantastic atmosphere and a visible link to the highest levels of international basketball.

Mirroring the western session, officials at the Toronto Super Clinic also received vital practical instruction in the NOCP 1 and 2 On-Court Training. The continued success of both clinics solidifies Canada Basketball's commitment to developing the entire basketball community through shared learning and clear communication

### A Milestone Moment: Women Officials Lead the Way at OFSAA Basketball

For the first time in the long history of Ontario high-school sport, the Ontario Federation of School Athletic Associations (OFSAA) crowned its Girls' Basketball Championship with an all-female officiating crew and referee coaches — a groundbreaking moment that showcased the growing strength, skill, and leadership of women in basketball officiating.

Over three competitive days of OFSAA Girls' AA Basketball — hosted at St. Theresa Catholic Secondary School with 20 top teams from across Ontario vying for provincial medals — every official on the court, and on the referee coaching staff, was female.

For many, the change wasn't just symbolic — it was transformative.

“We're celebrating not just great games, but a milestone for women officials in basketball,” said Eric Jordan, Provincial Supervisor of Officials' Development for the Ontario Association of Basketball Officials (OABO). His remarks, shared on air with local media, underscored the importance of both visibility and opportunity.

This moment marked a significant step forward in promoting gender equity in sport leadership roles. Having an entirely female officiating team at such a prestigious provincial championship sends a powerful message: that competence and professionalism know no gender.

Beyond the spotlight, this milestone also serves as inspiration for young officials — and athletes — across the province. For aspiring referees, especially girls watching these championships, the image of women confidently managing the game at Ontario's highest scholastic level offers a tangible example of what's possible.

In a sport where every call matters, this inspiring step forward proves that the future of basketball officiating is both inclusive and exciting.
